

Portage County

Ohio

BICENTENNIAL

LEGACY PROJECT

Yesterday, Today and Tomorrow

In celebration of Portage County's 200th year, the Portage County Bicentennial Committee in collaboration with universities and historical societies, all families will be encouraged to share their personal histories and stories as well as hopes for the future. This will include how they arrived and settled in Portage County, a snapshot of their most memorable experiences and their vision of Portage County in the Tricentennial year of 2108.

This information will be compiled in book form for each family in the County. This document will also be available on Compact Disk (CD). The collection may be stored at the Portage County Historical Society.
