

MORGAN PARK

Planning a fun and safe visit

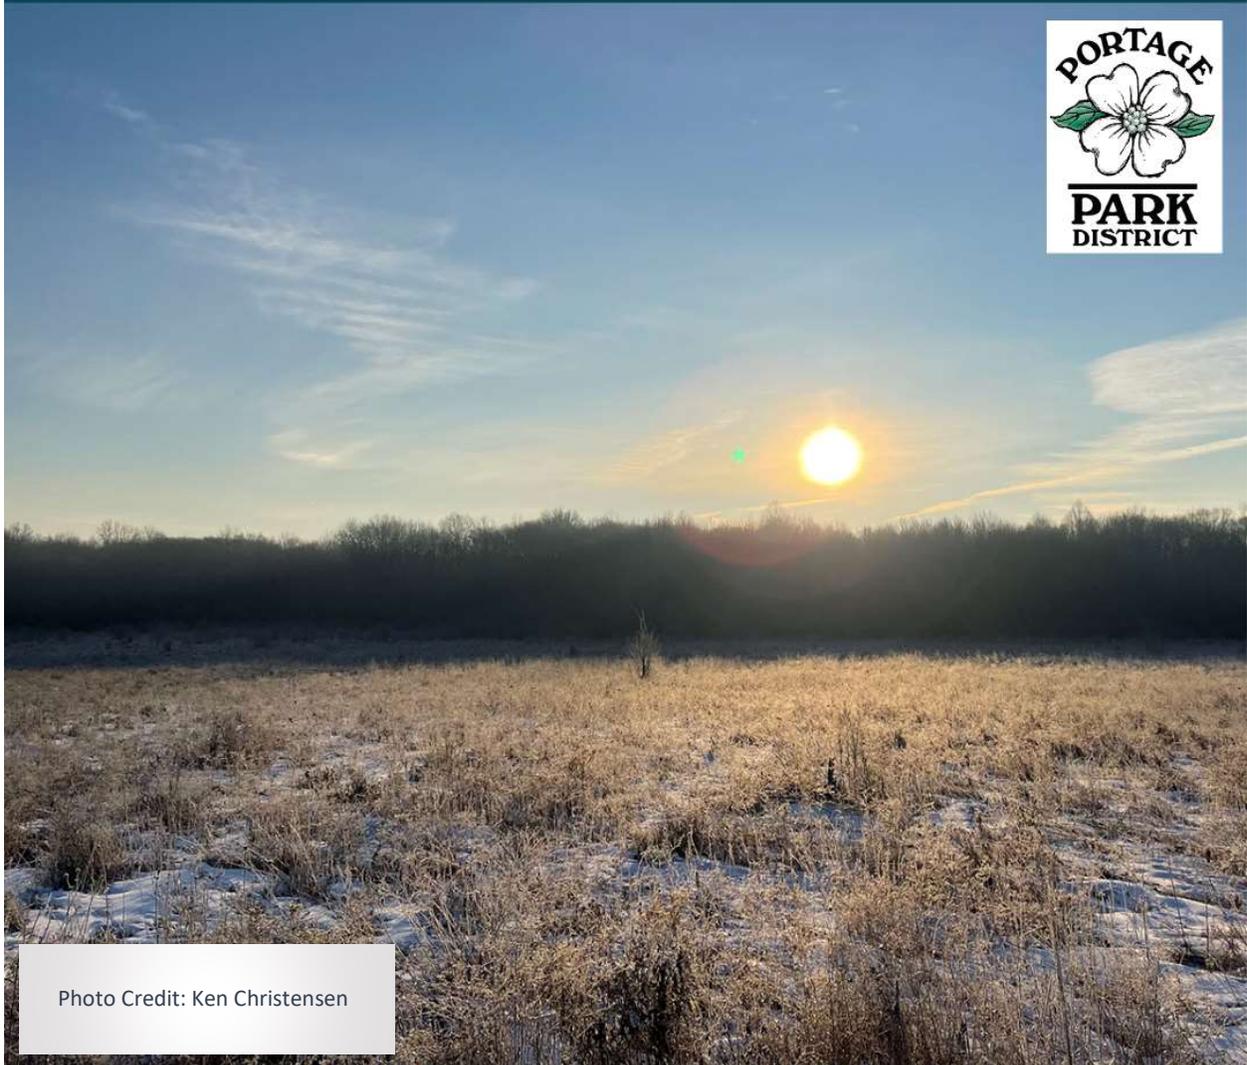

Photo Credit: Ken Christensen

My visit to Morgan Park.

What to expect for an enjoyable experience.

I will know I am there when I see the Morgan Park sign.

I can check the kiosk where I will find a map and park information such as upcoming events and educational programs.

Before I hike, I may want comfortable walking shoes, water, insect repellent, or sunscreen depending on the weather.

There is a restroom near the parking lot. The toilet does not flush and there is not running water. I can use hand sanitizer to wash my hands.

I can view the rain garden at the start of my hike.

Sign posts (called wayfinders) help me follow the trail I want to hike. The Meadow Trail is marked with a dragonfly.

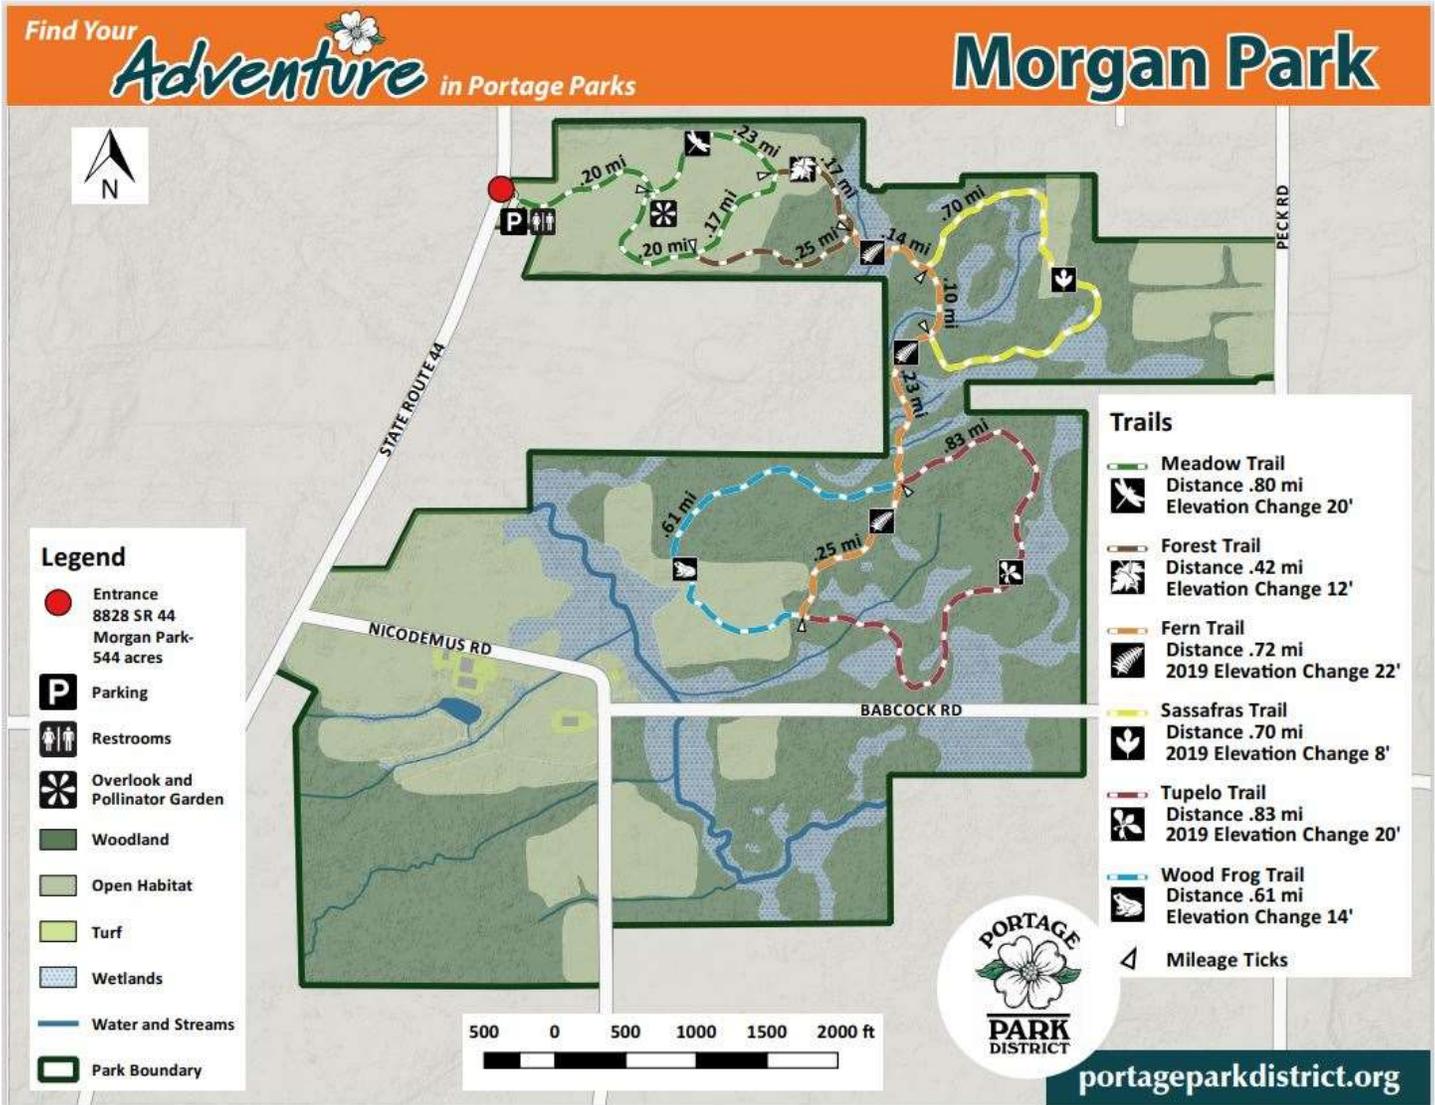

The Meadow Trail is a 0.8 mile loop made of crushed limestone that is ADA accessible.

Along the Meadow Trail I can stop at the overlook and view the pollinator garden.

I can rest under the pergola near the pollinator garden and enjoy the view.

There are other trails that I may choose to hike. These trails are natural surface and can be muddy if it has rained.

Thank you for visiting!
