**HUMAN RESOURCES**
Present: Janet Kovick and Jenna Morgan and Department of Budget and Financial Management Director Todd Bragg.

**Discussion:**

1. **Tax Map Interviews**
   Several weeks ago, Director Kovick was involved in the interviews for a new hire of a Draft Person II at Tax Map. County Engineer Marozzi would like to make a job offer to one of the applicants who requested a slightly higher pay rate than the minimum of the pay band. Director Bragg noted the request will be coming through as an increase to the County Engineer’s appropriations and it is within reason. The Board agreed to move forward with the request.

2. **Labor Attorney Agreement**
   Currently, there’s a one year labor attorney agreement in place that is due to expire on March 31, 2020. Director Kovick is inquiring whether the Board would like to have another agreement with Jim Wilkins as there are four union contracts coming up for negotiations. Commissioner Clyde asked if Mr. Wilkins requested any changes to the contract and Director Kovick explained she hasn’t talked to him yet as she’s waiting for Board approval. The Board agreed to move forward with the request and Director
Kovick will touch base with Internal Services Director Townend about continuing the contract.

3. **Employee Appreciation**
   Director Kovick asked for suggestions for this year's Employee Appreciation Day and the Board agreed it liked the cookout. Ms. Morgan noted the event is usually held the last Friday in June, but she would like to move it to the week before (June 19th) and the Board agreed. Director Kovick explained it's been difficult finding support to help with the event and Commissioner Kline asked that they send a reminder e-mail with the new date and as it gets closer, remind everyone again and ask for volunteers from Elected Officials and Department Heads. The event will be held from 11:00-1:30 PM and no pre-orders will be taken for off-site departments.

**Journal Entries:**

1. The Board of Commissioners agree to authorize the full time hire of Brett Lee as a Deputy Director, replacing Cody Brookover, for the Portage County Office of Homeland Security and Emergency Management. BOARD OF ELECTIONS
Present: Department of Budget and Financial Management Director Todd Bragg and Faith Lyon and Terrie Nielsen, Board of Elections

1. Draft Resolution: Create Fund 1092 Board of Elections Chargeback.

Director Nielsen explained on November 20, 2018, the Board approved Resolution No. 18-0831, which established an elections revenue fund for the Board of Elections. At the time the resolution was adopted, there was no account attached to the fund where the money
would be deposited, so Director Nielsen presented a draft resolution for the Board to Create Fund 1092 for the Board of Elections Chargeback.

Director Bragg explained he has not been able to discuss the issue with Attorney Meduri but recommends amending the original resolution rather than creating a separate resolution to create the fund.

Commissioner Kline asked if there's a problem receiving 2019 money if the Board moves forward and Director Bragg noted there is no problem, but Director Nielsen indicated that potentially there is a problem if you amend the motion, then the Board makes the create fund secondary. Director Bragg explained the resolution will need to come before the Commissioners each year because the law specifies it will be transferred by the Commissioners.

Commissioner Clyde suggests the Board approve the Create Fund resolution today and the Board agreed.

A. Resolutions:

1. The Board of Commissioners agrees to accept Ivy Trail, Blackberry Lane and Green Hill in the Wintergreen Point Subdivision, Phase 3 and 4, in Rootstown Township./HOLD

RESOLUTION NO. 20-0148

This resolution was omitted. The Board of Commissioners agreed to pull this resolution regarding the Wintergreen Subdivision, Rootstown Township as presented by the County Engineer. This is for numbering purposes only.

Commissioner Kline noted she had a meeting a couple weeks ago and she was surprised to see the issue hasn’t been resolved. Rootstown Zoning Inspector Tirpak noted the Township talked with the Prosecutor’s Office this morning and Portage County Attorney Brett Bencze recommended the Township come before the Board of
Commissioners to ask that the resolution be held until a recommendation has been presented by the Prosecutor's Office. Commissioner Kline explained the Board is ready to approve, but the one year maintenance agreement is the item in question and that's why Rootstown Township is asking that the Board postpone its vote. Commissioner Kline explained there's a punch list of items that needed to be completed and that wasn't completed until recently. Mr. Tirpak noted according to subdivision regulations, once the Board approves the resolution, that's when the one year maintenance period begins and there's also a question of how much money needs to be held.

Mr. Bossow, who is the developer, stated he's into his third year of the project and he doesn't agree with Mr. Tirpak because they took core samples and the samples are all above the asphalt requirement. Mr. Tirpak said the Township isn't just concerned about the roads, they are concerned about the start date of the one year maintenance and pointed out the improvements weren't finished until last month when the last sidewalk was poured. Mr. Bossow requests the Board accept the roads and Mr. Tirpak explained the subdivision regulations say 'all' improvements not just the roads. Mr. Tirpak went on to say that somehow its been misconstrued the roads are separate from any other improvement and the County Engineer is responsible for the roads, sidewalks, curbs and storm sewers and the Water Resources Department is responsible for sewer, water, hydrants, but there are other improvements that are made such as the open space, drainage, seeding, etc. The County Engineer's office is appealing to the Board to accept the roads, but the Township believes it should go through Regional Planning Commission, who is the first person in charge of the entire project. The County Engineer's Office should indicate the roads are ready and provide correspondence to that effect to the Regional Planning Commission, who would come before the Board to present an outline of all the improvements that are ready, so when the Board accepts, it accepts the whole project, not just the roads. Commissioner Kline pointed out the resolution only states the roads, but Mr. Tirpak's contention is that the roads shouldn't be broken out, it's all improvements. Commissioner Clyde remarked that the County Engineer should be here for this discussion. Mr. Tirpak asks the Board to wait on an opinion from the Prosecutor's Office to clarify the issue. Commissioner Christian-Bennett asked if the Board is asking for a legal opinion from the Prosecutor's Office and Mr. Tirpak replied that he is asking the Board to ask the Prosecutor's Office for a legal opinion on the issue. Mr. Bossow noted he's worked with the County Engineer and they've approved everything and Mr. Tirpak pointed out the County Engineer only covers the roads and sidewalks and subdivision regulations state all improvements. Commissioner Clyde noted the Board will hold off until this issue gets resolved and the County Engineer will need to be in attendance for the next meeting. Mr. Bossow explained with Mr. Tirpak's scenario, he will never get the project completed. Commissioner Kline noted Rootstown Township has a lot of subdivisions being built and asked if this type of situation happens every time and Mr. Tirpak responded it does. There are new subdivision regulations the Township is involved with, but for now the 1984 subdivision regulations are still in place.

A. Resolutions:

RESOLUTION NO. 20-0149 - RE: APPOINTMENT TO THE OHIO CHILDREN’S TRUST FUND REGIONAL PREVENTION COUNCIL.

It was moved by Sabrina Christian-Bennett, seconded by Vicki A. Kline that the following Resolution be adopted:

WHEREAS, language was included in the state budget bill (HB 64) in 2015 to regionalize the operations of the Children’s Trust Fund statewide. Specifically, the bill divides the state into eight regions, identified in statute, for the purpose of applying for, receiving, and implementing Board-approved child abuse and child neglect programming and services. This will eliminate child abuse and child neglect prevention advisory boards and create child abuse and child neglect regional prevention councils for each region; and

WHEREAS, Portage County is included with the following counties in one of the eight regions in Ohio: Ashland, Columbiana, Holmes, Lorain, Mahoning, Medina, Stark, Summit, Trumbull, and Wayne; and

WHEREAS, in accordance with ORC 3109.172 (C)(1), the Portage County Board of Commissioners may appoint up to two county prevention specialists to the council representing Portage County; now therefore be it

RESOLVED, that the Portage County Board of Commissioners appoints the following member to serve as county prevention specialists for the Ohio Children’s Trust Fund Regional Prevention Council to a two year term, to begin March 8, 2020 and expires March 7, 2022, as confirmed in writing to the Board of Commissioners by Ohio Children’s Trust Fund:

PUBLIC COMMENT
Present: Brian Ames

After listening to the discussion about the Wintergreen Point Subdivision, Mr. Ames pointed out neither the Commissioners nor the County Engineer are bound by any subdivision regulations. Legally, he believes that the Board can accept anything the statute provides. The Board may want to consider the personalities involved, but this has been going on for three years and it’s becoming unreasonable and creates ill will.
