Note: A copy of certificate of insurance is required at the time of application. Customers will be billed monthly for usage. Payment is due 21 days after date of invoice. Hydrant meter with backflow will be removed if payment is not received by due date. Contractor is responsible for damage or theft of equipment and must keep device locked at all times. Tampering or modifying the setup by Water Resources is grounds for removal of hydrant meter without notice.

*** Water haulers using potable water for human consumption must be registered with the Portage County Health Department for private water storage tanks or cisterns per ORC 3701-28-16 and shall have a minimum free residual chlorine measured at two-tenths milligram per liter at time of delivery. Please call 330-296-9919 for registration.**
